Resident Evil 5 V6.3 Model Swap is the best Mod to get all Resident Evil 5 Cheats working on XBOX 360. I have already Swapped all weapons and all the DLC characters. Jan 18, 2016 These are the active Cheats and Trainer Missions for Resident Evil 5 (Unlimited Ammo, Weapon Model Change, Ammo Magnet, etc.) (only on Xbox 360). Jun 12, 2016 On June 11th, 2016 i have updated the Trainer Missions to keep them Resident Evil 5 Model Swap Trainer V6.3 by May 23, 2017 3. There is no map protection anymore. No Boot the game and start again. Jan 9, 2018 This trainer is now required for playing the game. Resident Evil 5 Model Swap Trainer V6.3 by Wilsonso May 14, 2016 Now i have added filter for camera settings: you can type in "f" for filter all the camera that are not required. You can also type in the exact model for the camera. For example "f. " will filter all the "fish eye" cameras and "f. xbox.cam" will filter all the "xbox" camera. Now i can type for example "f. xbox.cam" and i will only see the cameras. It is very important to include the ".cam" at the end. NOTES: - Must do a quick save before loading a map/difficulty if you want to use this trainer for a map you haven't played yet. - You must have the game already "unlocked" before you can use this trainer. May 13, 2018 NOTE: Using the DLC character saves it as a NEW CHARACTER and MODIFIES the Save Data of the CHARACTER in the game. Resident Evil 5 Model Swap Trainer V6.3 by Wilsonso Jun 13, 2017 - There are now 4 different DLC Characters.
