For each team, the FIFA team has a set of player archetypes or looks that are their own distinctive style of play. Archetypes can be unlocked via gameplay progression, or in the My Player career mode. The choices available for new players also start with archetypes to choose from. These archetypes enable new FIFA players to choose to play closer to their own footballing style. Players can find a new favourite team and take a look at the team you can become with the new game mode, Ultimate Team. These new game modes feature the most realistic team and player interactions in the series to date. New items have been added to improve the authenticity of the on-field experience. Plus, The Journey is even more fun than ever. HyperMotion Technology: FIFA U22 Ultimate Team UEFA Champions League UEFA Europa League Players from the real-world can take part in FIFA U22 Ultimate Team matches via "FIFA U22 Showcase," using the latest edition of PES's Global Pro Clubs. Nations: 22 new nations in the game, including the first appearance of the Scotland national team. A new home kit for all nations is included, plus new away and alternate kits. Live Events: Live Events feature a new interactive TrueSkill Player Intelligence system, which gives you a sense of the competition level you face in your favourite events. If you're playing in a strong national side, you'll face more of the same wherever you take part in competitions. If you're part of a weak side, you'll face tougher competition when you take part in the same event. Plus, the biggest clubs will face tougher opponents in more matches. Team, Player and Stadium: Customise your players' specific abilities, traits and attributes to ensure they suit your style of play. Choose from 22 individual player appearances, and 6 nationality combinations. The Stadium system in the Ultimate Team mode allows you to assign your players to the right team in a stadium and give them the full experience of that environment. Now, team and player stability are also taken into account, and you'll see your team and players stay on the pitch for longer, and play better. The new FIFA U22 presentation engine is sharper and more detailed than ever, and will take your experience with FIFA to a whole new level.

Build your Ultimate Team of the best FIFA players, and compete in matches head-to-head against your rivals in Game of the Year modes. From the world's greatest players to football greats, make your Ultimate Team the ultimate champions. In Touch & Trick'N'Treat In Touch & Trick'N'Treat - this new way of dribbling and tricking the defender will deliver a whole new style of gameplay and a whole new set of challenges. To control the ball, double tap to choose a different option, then curl your finger back and forth on the Touch Pad or make short to-and-fro movements in the air to perform the next move. Unlike a normal on-screen pass, this new feature can be used to change direction, shoot from distance or, if you're in a tight spot, move defenders away from the ball. New Touch Control Underneath the back touch line, there are lots of cool moves available and anyone can pull them off using the new on-screen touch controls. Players who double tap (in the air or on the ground) can move the ball by drawing a circle in the air, and touch tap to receive a pass. Quicker players can draw a straight line across the pitch in the air, then touch tap at the end to shoot. Or slide the Touch Pad left or right to move the player. New Content to Celebrate FIFA Season 20 Unleash your inner Ronaldo, Neymar, Kylian Mbappé and Neymar Jr. with the latest content in FIFA Ultimate Team including members for Club of the Season and Parachute Pack, new items and Player Challenges. In addition, you'll be able to earn more currency to spend on exclusive packs by playing the more than 30 Seasons Goals Challenges - aim to score or save them all. Tanker battle A tanker battle is a battle fought by vessels (tankers) which are engaged by other vessels, especially warships. The term "tanker battle" was first used in naval operations by the French Navy, to describe operations by convoy screeners of the Brest Flotilla in the early 19th century, which were mostly of a preventive nature. It was used occasionally during the Napoleonic Wars, and reappeared during World War I. In this use, "tanker battle" was often used in the sense of "battle of the Atlantic". After the end
